

### Pierce County Community Partnership for Transition Solutions

**Vision Statement**

A community that welcomes the talents and contributions of all members, including those returning to us from prison and jail.

**Mission Statement**

Our mission is to promote the successful reintegration of individuals into community. We accomplish this through purpose driven community partnerships that provide holistic, comprehensive services in support of these individuals as they build self-sufficient and productive lives.

### Agenda

11:00 – 11:10

Welcome & Roundtable Introductions

11:10 – 12:30

Guest Speaker: Geoff Nelson, Service Alignment Administrator, DSHS Economic Services Administration

A little about Geoff Nelson: My primary duties are to examine state and federal programs offered and facilitated by ESA and determine a pathway to deliver those programs to individuals preparing to release from confinement facilities in the state of Washington. Many of those programs are means tested public benefits programs such as cash and food benefits, but range as far as child support abatement/modifications to providing identification credentials upon release. I am excited to share with you what is on our radar for future efforts, as well as answer any questions you might have. I look forward to seeing you all very soon.
